revive 2030

Energizing local communities to thrive, grow, and prosper.

Program Offerings

Sioux Valley Energy has developed the **revive 2030** program to partner with and/or assist communities with community and economic development. The Cooperative is pleased to offer the following program offerings to your community.

Suite of Services

revive 2030 offers (or can provide access to) the following suite of services to communities within the Cooperative's service territory footprint. Some services may be contracted utilizing matching **revive 2030** funding assistance:

- **Grant Writing Assistance:** Sioux Valley Energy will work with communities on identifying applicable grants, gathering information for the application process and may help a community complete grant applications.
- **Community Planning Assistance:** Communities needing assistance in planning community projects, exploring funding for those projects, and carrying out planning tasks can request assistance from Sioux Valley Energy.
- **Strategic Planning Services:** Sioux Valley Energy may assist communities and associated economic development organizations with strategic planning for its boards, committees, leaders, etc.
- **Education and Networking Opportunities:** Sioux Valley Energy may provide education/training along with networking opportunities for communities and its citizens as it pertains to economic/community development.
- **Community Marketing Assistance:** Sioux Valley Energy can provide limited marketing design and advertising development to a community to promote the area or an event.
- **Event Planning Assistance:** Communities needing assistance in planning activities that will benefit the community and its citizens such as summer festivals, downtown community events, parades, etc., can request limited planning assistance from Sioux Valley Energy.

Funding Available

Sioux Valley Energy has funds earmarked for community and economic development. Through the **revive 2030** program, communities may request an application. **revive 2030** funding is not guaranteed and communities/organizations may only receive a portion of their request due to limited funding. Project categories may include (but are not limited to):

- Community Planning
- Economic/Community Development Training Opportunities
- Community Coaching
- Learning Network
- Development Services
- Placemaking/Beautification Efforts

Access to Additional Programs

Communities within the Sioux Valley Energy service territory footprint may also have access to the following programs:
